GIRLS ATHLETIC ASSOCIATION

Education in Marshall is intended to develop the students physically as well as mentally. The girls in G.A.A. have a well-rounded athletic schedule, including tournaments in deck-tennis, volleyball, basketball, dodgeball, bowling and softball. These girls also stage the G.A.A. Formal, one of the social high-lights of the year.

The theme of the formal
presented by the class
of 52 honoring the class of 51
was a spectacle of Arabian Nights.

Some of the couples who enjoyed themselves at
the dance that night.

Frank, Jack, Barbara, and Joan were among the
many who decorated.

Sno-Ball

Here we see the decorations
of the formal, Sno Ball,
which was the first winter
G. A. A. formal.

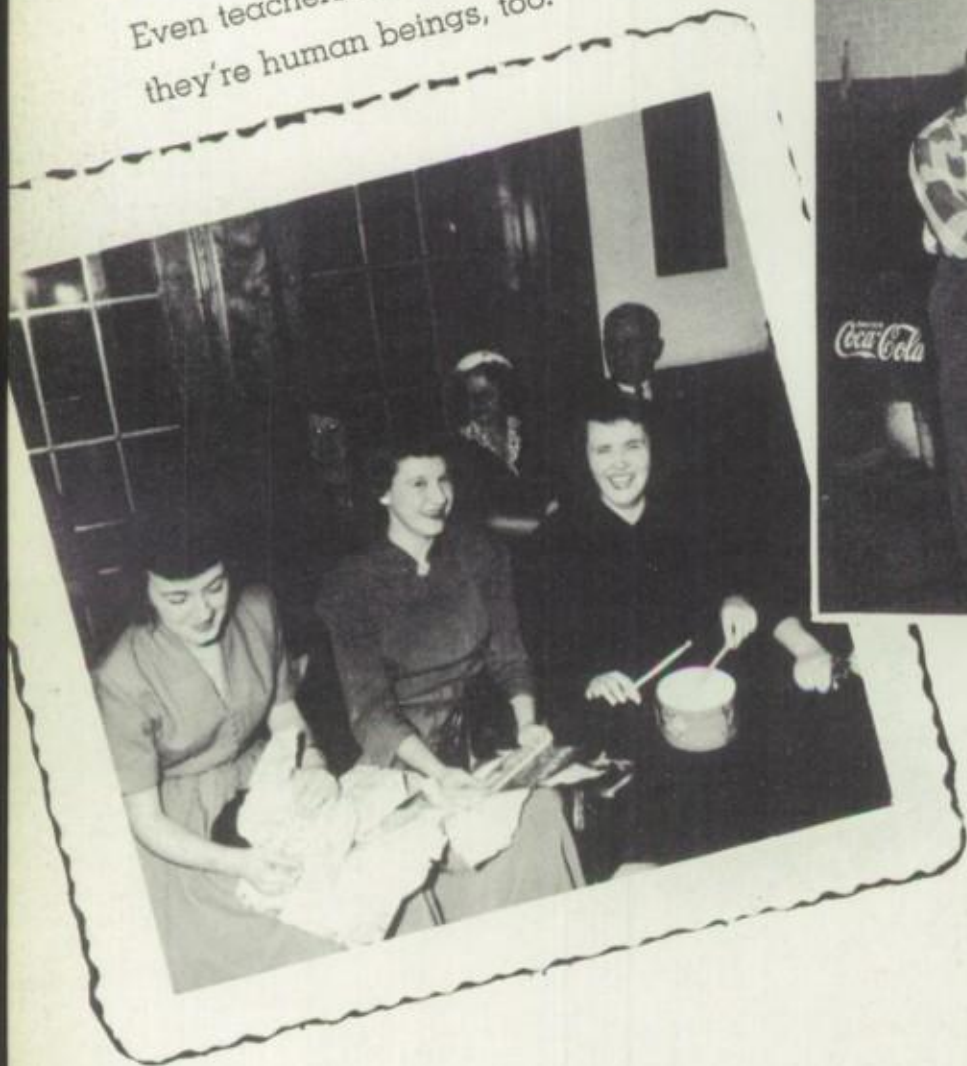

The high-light of the week is the dance on Friday nights after the games.

The only bad thing about our dances is that we never seem to have enough of them, and we always have to pay.

Even teachers laugh and play, you see they're human beings, too.

All good things must come to an end, even parties and dances, and eventually everyone goes home or at least starts in that direction.

BIOLOGY club

The "buggy biologists" pry into the innermost secrets of plant and animal life, but they don't become so imbued with academics that they can't have a good time socially.

COMMERCIAL club

A new club, formed this year has as its purpose the familiarizing of its members with new techniques, methods, and machines in the field of modern office practice.

future farmers of america

Ken Murray, President of the local chapter of F.F.A. achieved the distinction of being made state farmer. The boys in F.F.A. participated during the year in many demonstrations and activities some of them social with the girls of the F.H.A.

future homemakers of america

An important part of education is the transforming of the girls of today into being women of the homes of tomorrow.

hi-y

The Hi-Y Club is the local representative of the Y. M. C. A. for high school boys. The high-light for this service club was the formal induction ceremony put on for them by the Lakeview Hi-Y.

The girls in the Library Club are a big asset to the school; our Library couldn't serve us nearly as well without them. Besides being librarians, they have social activities; one was their Christmas party.

LIBRARY CLUB

latin club

The active Latin Club participated in Christmas carolling, and in the mid-winter held a ceremonial banquet in authentic Roman style. The purpose of these two clubs is to foster interest and understanding of other civilizations and of our neighbors.

spanish club

The high-light of the year for the Spanish club centered about their "Fiesta" Banquet. The Spanish Club served for the Latin Banquet and the Latin Club reciprocated.

JUNIOR HISTORICAL SOCIETY

This association was formed to further interest in the abundant historical heritage that we have right here in Marshall and the surrounding area. Some of the members are visiting the local museum.

USHER CLUB

A true service club, these girls cooperate with every formal function that the school puts on. They usher for plays, concerts, and civic activities. Their well performed job adds tone to all our grand doings.

BAND

The excellent Marshall High School Band, State Division Winners in 1951, performed original half-time festivities at the local football games, had the distinction of being invited to play at the U. of M. football game in Ann Arbor, and played for local programs, shows and parades. At the District Band Festival this year they were First Division Winners which qualified them for State for the sixth straight year. Marshall can well be proud of its music department.

.....to make and create.....

A group of Mrs. MacVean's students who are working in art, such as murals, water colors, charcoal, etc., are learning to use to the fullest extent their creative abilities.

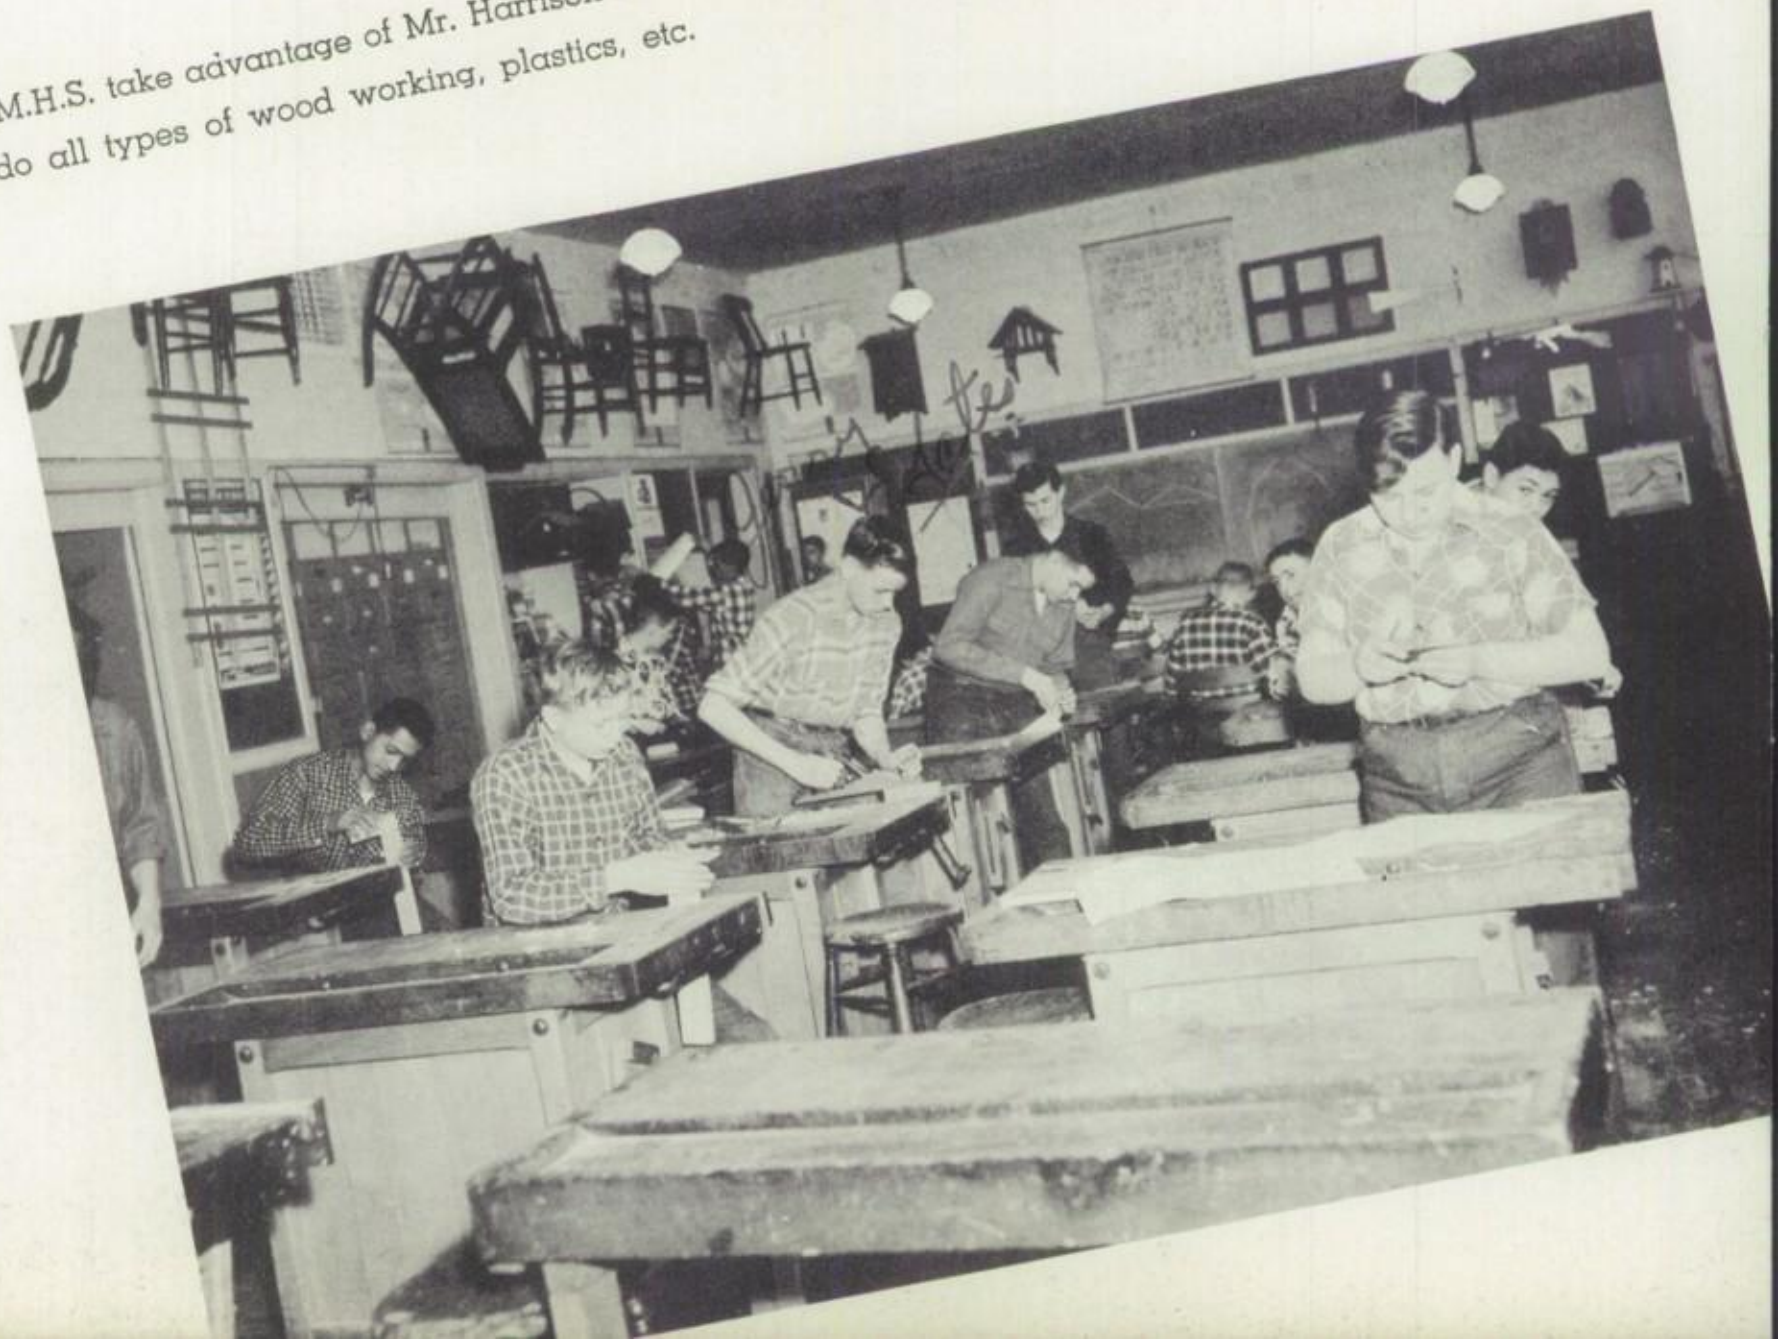

M.H.S. girls learn how to prepare themselves for fuller and more useful lives in the home-living dept.; cooking under Miss Hein's supervision and sewing with Mrs. Foster.

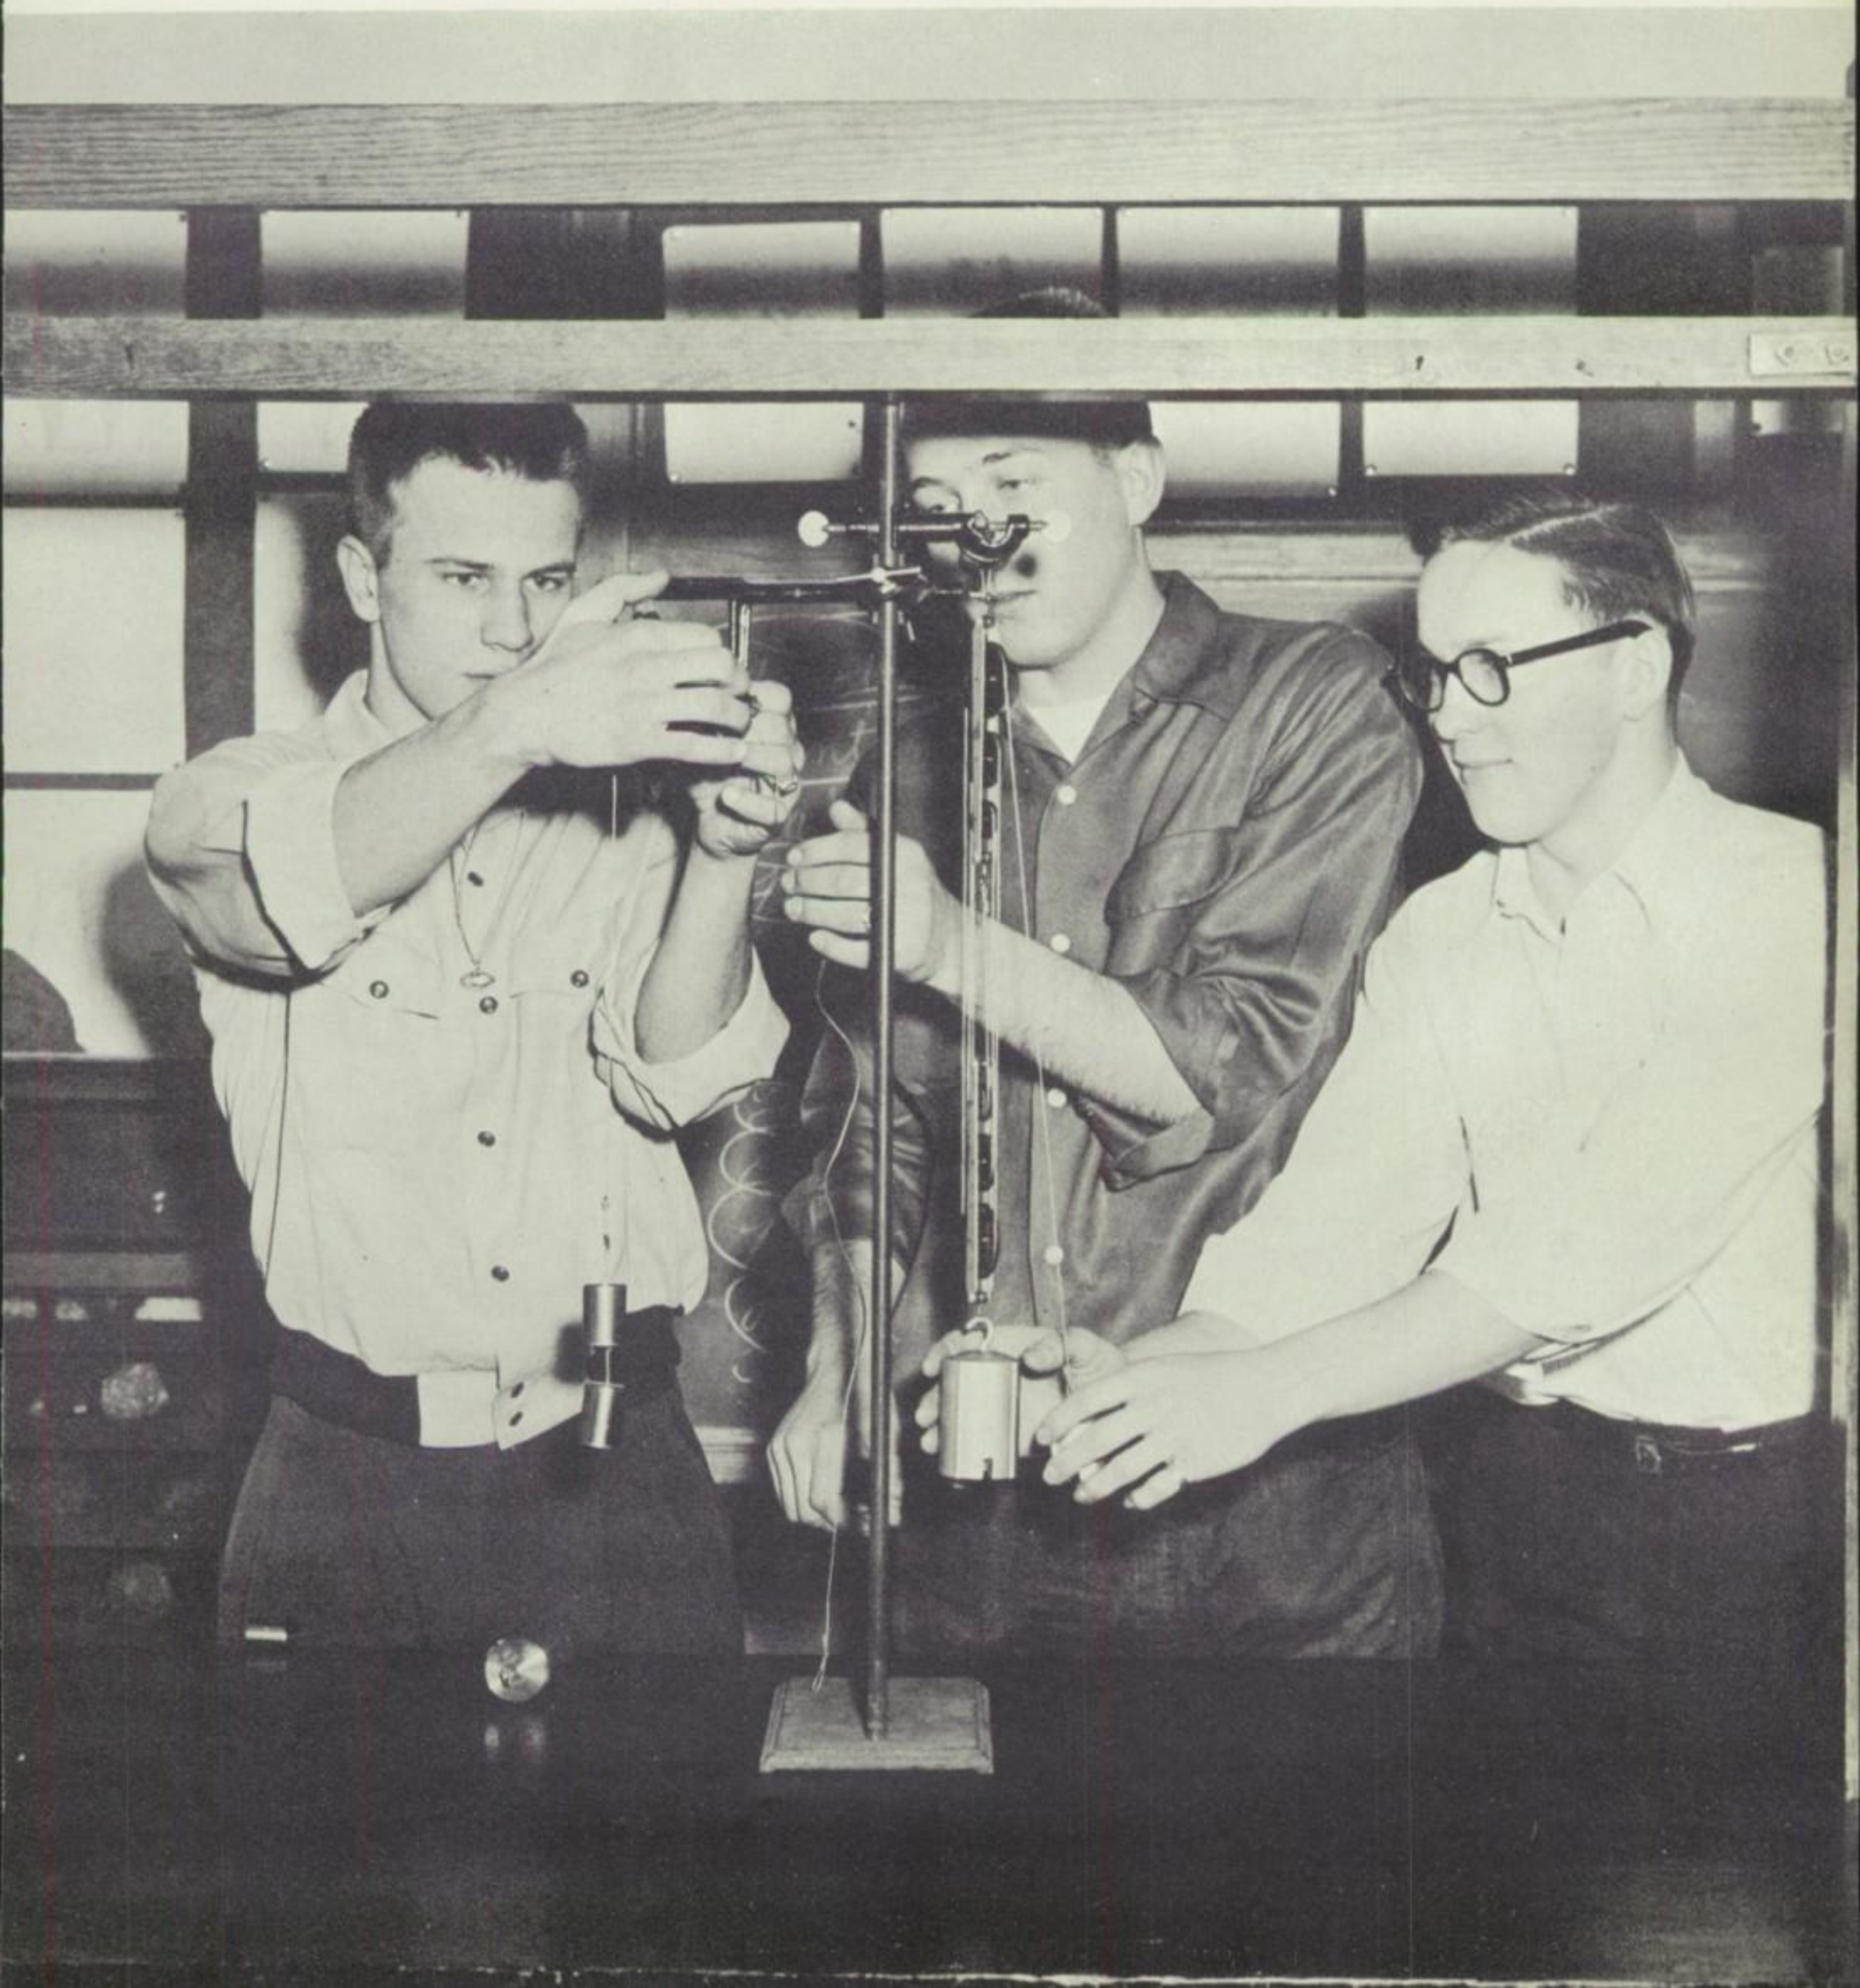

Boys in M.H.S. take advantage of Mr. Harrison's years of experience in shop, and learn how to cane chairs, and to do all types of wood working, plastics, etc.

.....to think and reason.....

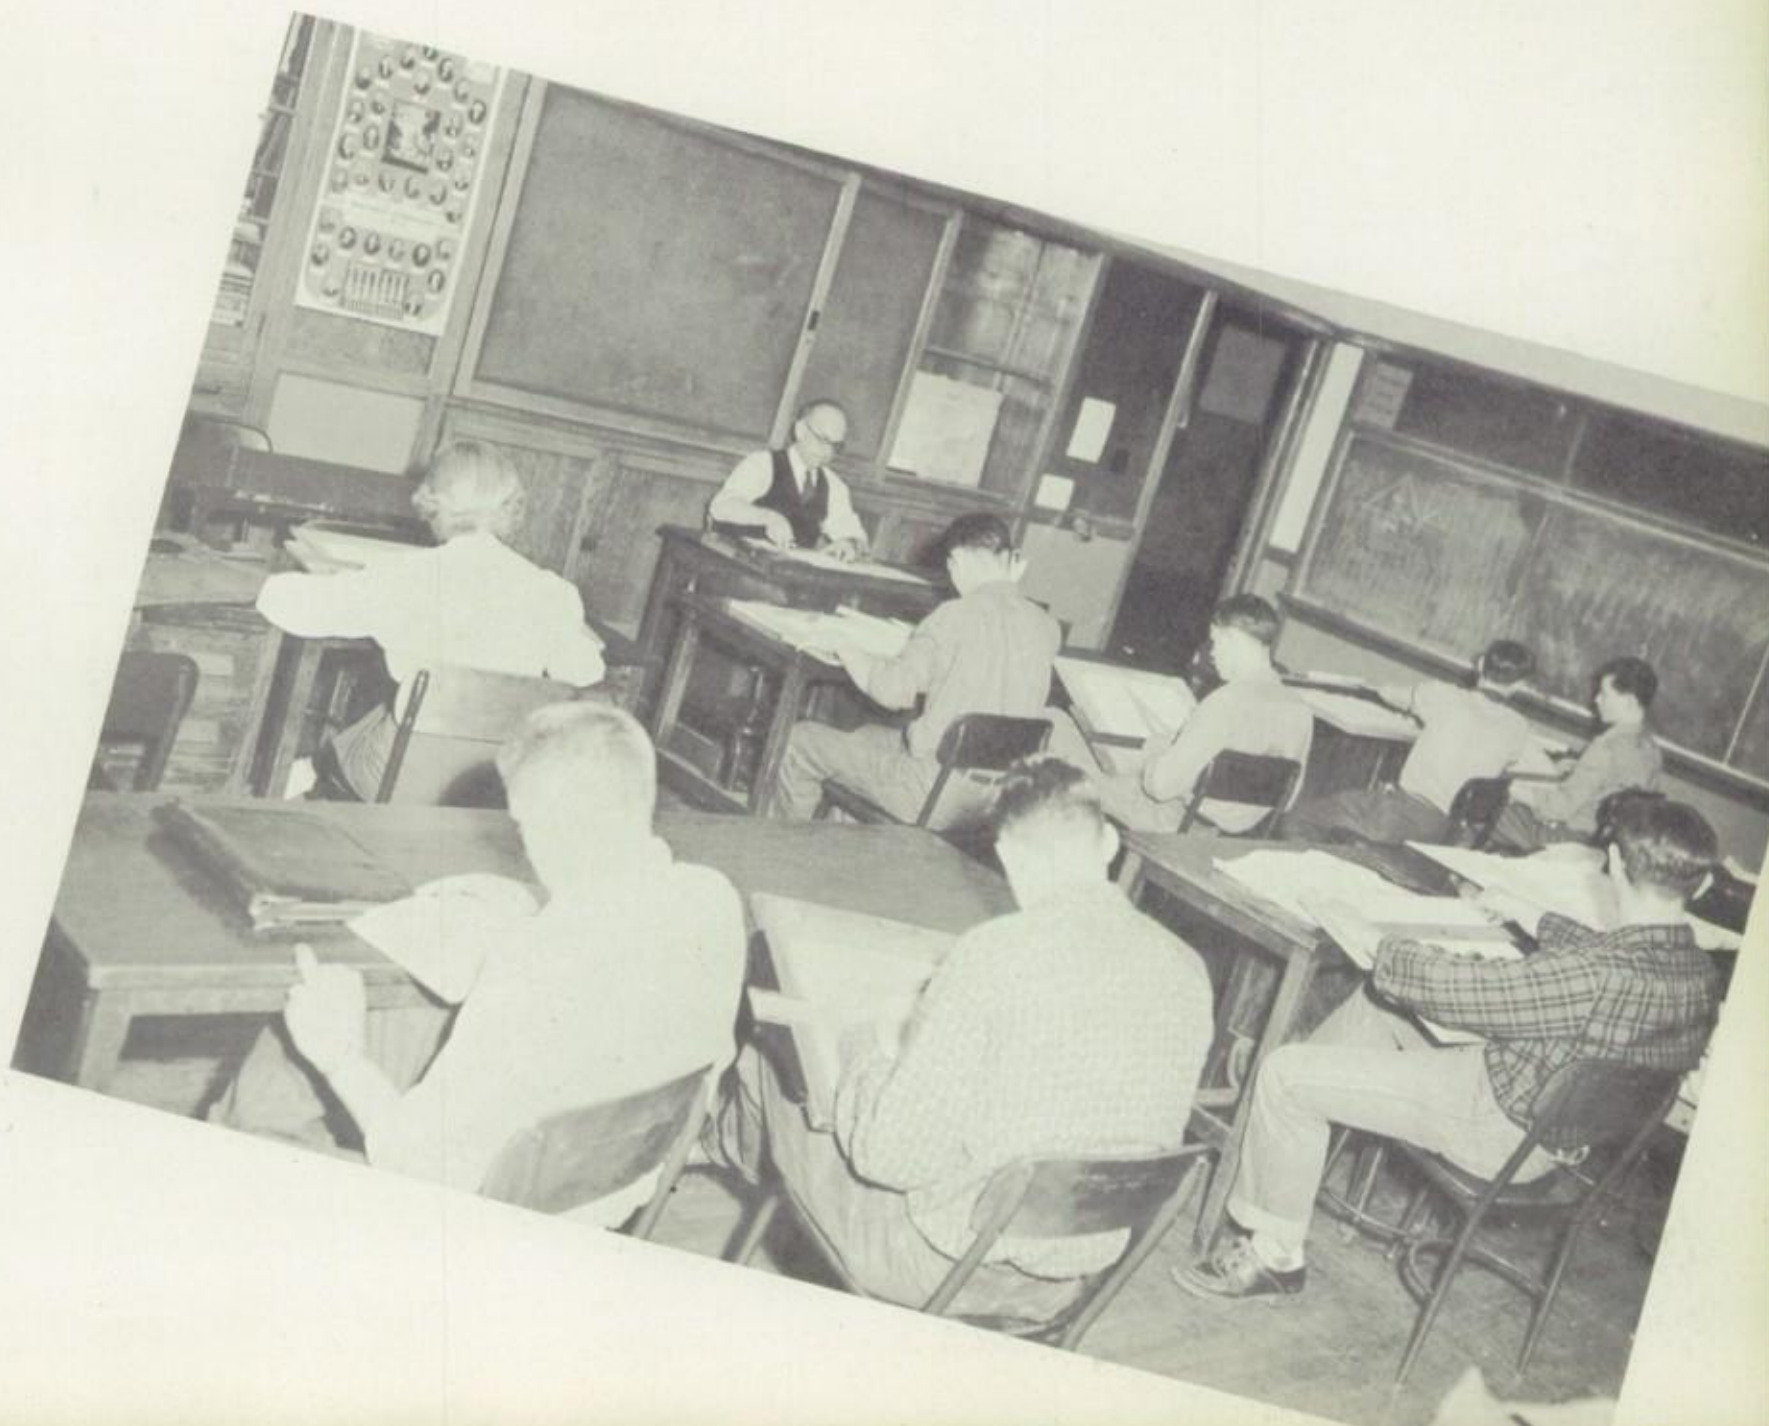

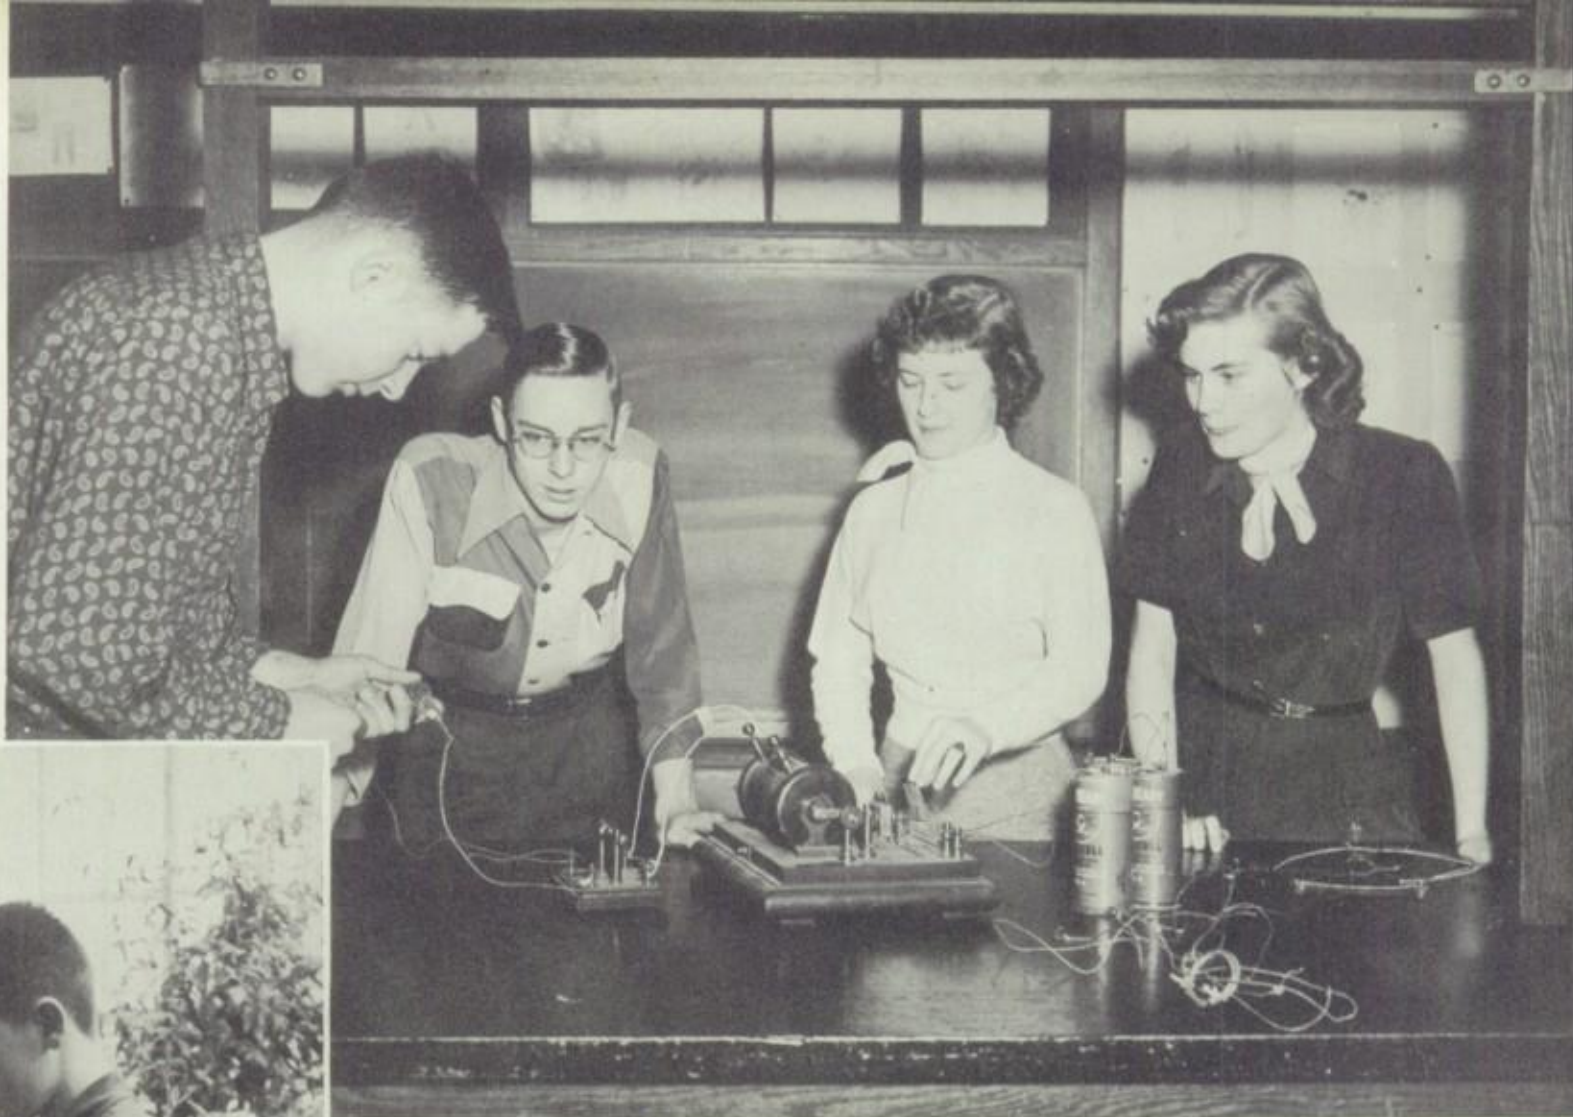

It is vital for everybody to be able to think and reason correctly—to be able to derive the right solutions from a given set of facts. This process is learned in algebra, solid geometry and all the other math classes.

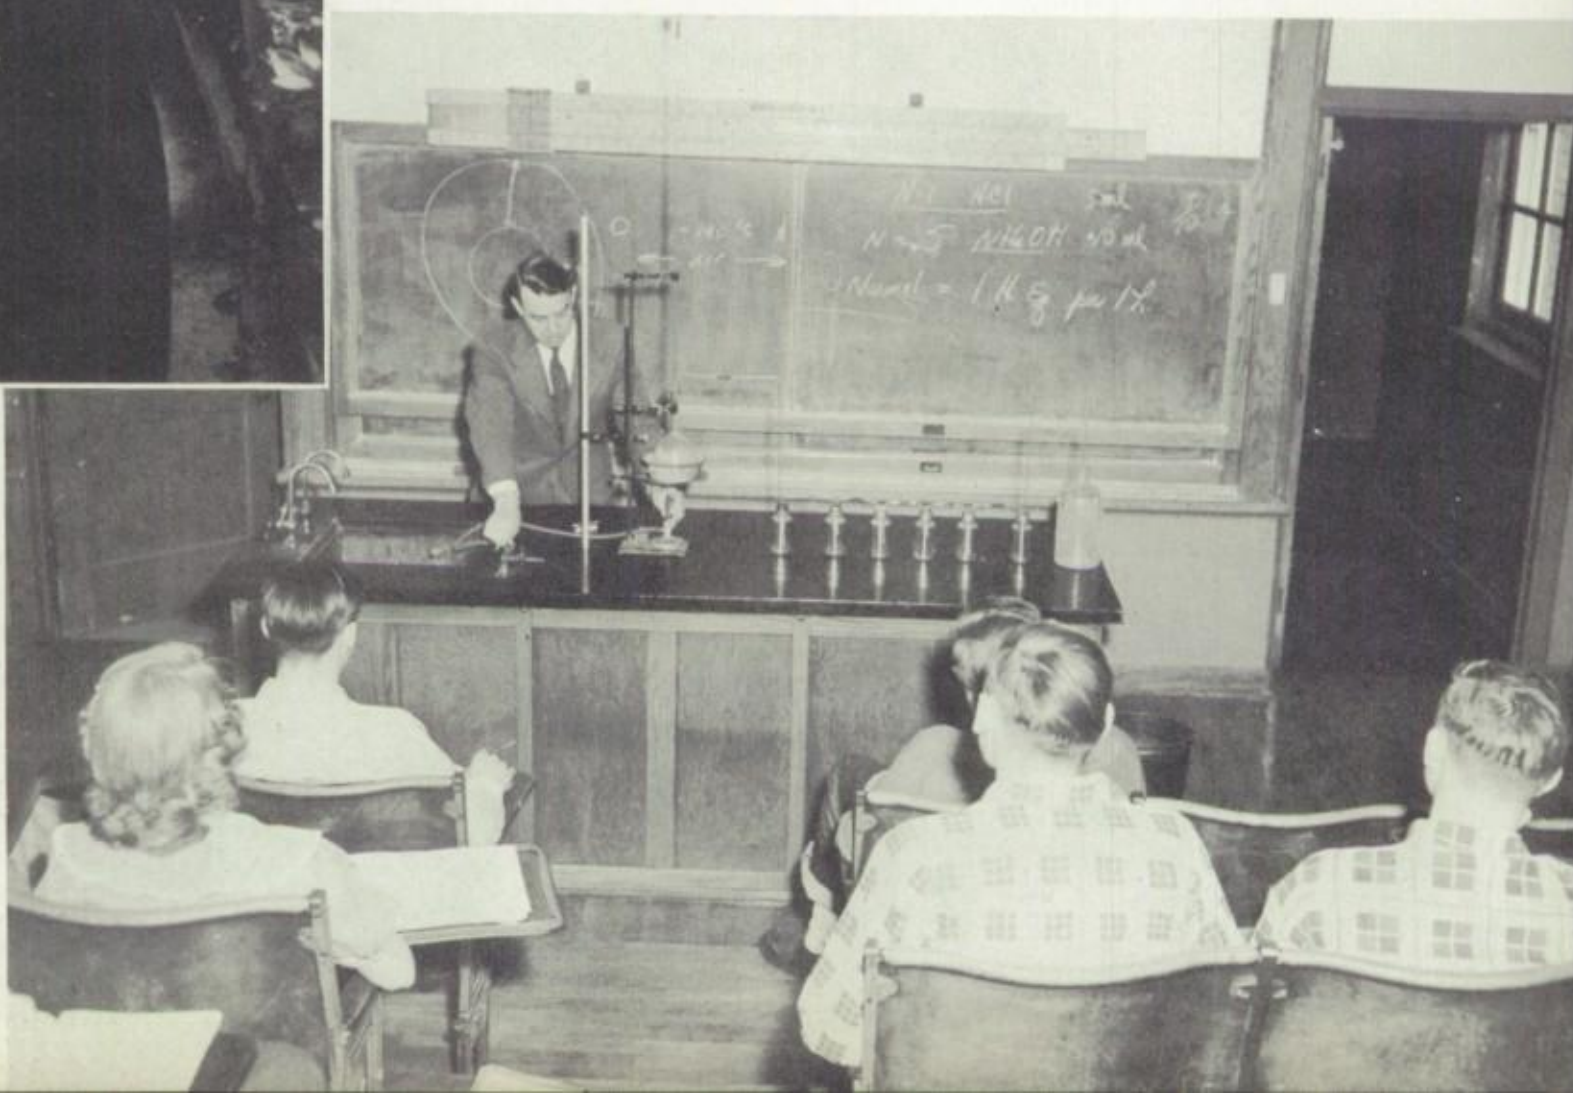

One has to be able to reason not only in theory but also in practical everyday situations, such as solving problems in bookkeeping and learning how to represent solid figures on flat paper, mechanical drawing.

Problems to be understood also lie in the world of natural phenomena, in such related fields as physics, agriculture and chemistry.

*.....to be understanding
and tolerant.....*

A high school is also devoted to trying to teach us how others live, think, play, their ideals and problems, both contemporary peoples' and other generations', so that we can profit by their mistakes and refrain from committing the same errors.

Learning to be tolerant of other people is accomplished in the American history classes, government, the English classes, world history and all the other social science classes. This knowledge is vital to successfully orient yourself in later life.

In Biology the functioning of natural processes is observed, and in Basic Living the Senior boys find out and discuss the essentials to a mature outlook on life, in the attempt to understand what makes them and others operate the way they do.

follow guidance.....*

VICE-PRESIDENT

PRESIDENT

ALAN DAVID SHEBEL

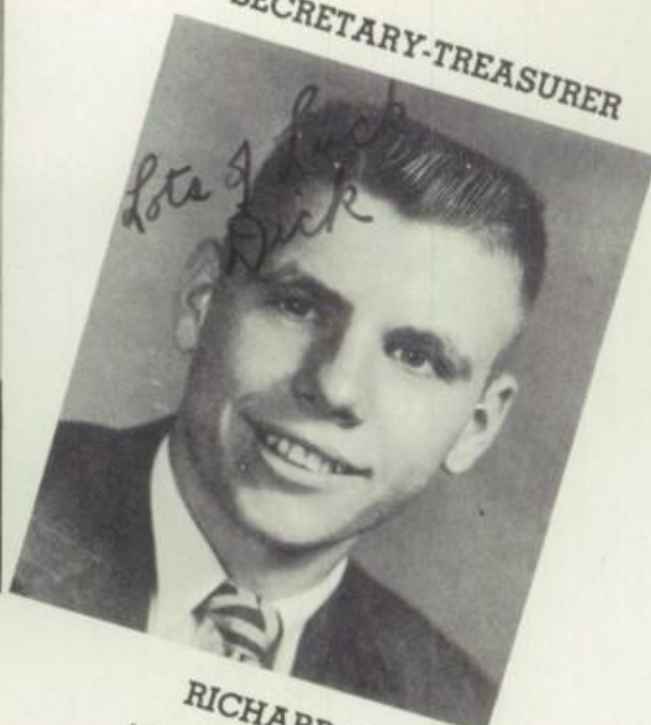

Witty Sheb made a wonderful pres. of his sr. class; joined Jr. Hist. Soc. 1 yr. Husky Al played football 4 yrs., making State Class B 1st Team this yr. He played basketball 2 yrs. History with Henry and football with Mel thrilled Al. Green-eyed Sheb was in Jr. Play. Al likes tinkering with cars at Earl's garage, but would rather cruise with Amelia. 1952 will see popular Al at Albion college, or in the service, listening to "Stardust," and eating steak.

CAROLE AUDRIENE CAMP

Lovely Carole joined G.A.A. 4 yrs., Spanish Club 2, Jr. Hist. Soc. 1. She reigned as Veep over Student Council her jr. year; also over her soph. and sr. classes. Cackle was exchange ed. of DIAL; loved playing cello 4 yrs. in Orch.; Queens court spot 2 yrs. straight. Being a graceful cheerleader 3 yrs., and serving on Sr. Play stage crew rounded out Carole's activities. Conceited people bore our W.M.C.-bound Amazon.

SECRETARY-TREASURER

RICHARD D. MURPHY

Mighty Mo lettered 4 yrs. in football (3V), basketball (2V), and baseball (4V). Big Feet made the All-T.V. football team, also received hon. mention on all-state teams; F.F.A. 2 yrs., Jr. Hist. Soc. 2, Com. Club 1; was Jr. Rotarian jr. yr. Yearbook photo ed., Sr. Play stage crewman. Rich enjoys math and football; pals with R. Cornwell and K. Stick. Dislikes school, but likes "Anny" Erskine and Hub Harrison. Would make a top-notch state cop.

ROBERT J. AALBREGTSE

Bob of the deep brown eyes combined 3 yrs. of football with 2 of baseball for athletic experience. He was in Hi-Y, and played with natural ease a humorous character in the Jr. Play. He widened his cultural background in Jr. Hist. Soc. Bob combines school with work at the A. and P. Tea Co. No. 55. He loves his hot rod, "the best running Chevy ever made" (top speed 36 mph).

GERALD ALEXANDER

Agrarian Jerry joined F.F.A. 4 yrs. Mechanically-minded, he likes cars and building. Jerry favors apple salad, bookkeeping, and Aussieker. Favorite sports include basketball and hunting. Brown-haired, blue-eyed Gerald had a wonderful time at an E.M.C. Formal. Jerry plans to work in B. C. Leisure moments are spent traveling and eating. Jerry dislikes school work, and girls wearing too much makeup.

KAY D. ARMSTRONG

Curvacious Kay laughed her way thru F.H.A., Usher Club, Pres. of Biology Club 1 yr. Army joined Jr. Hist. Soc. 2 yrs., G.A.A. 4. She played bratty Betsy in Jr. Play, dumb Toots in Sr. Play, was in Journalism and Queen's court sr. yr. Popular Kay enjoys cruisin' with "The Girls." She likes Henry; hates folks who chew celery over phone; Hillsdale will see our Army in '52.

PHYLIS ELAINE ARNOLD

Petite, golden-haired, blue-eyed Phyl skipped through G.A.A. 4 yrs. and F.H.A. 1. Phizzy was dist. mgr. of the bi-weekly DIAL. She was a Jr. Play Girl Scout. 4-H work offered her many precious moments, such as a trip to West Virginia where Phylis won a prize for having the smallest waistline. She spends many hours sewing, and with Gayle Rosenau or Agnes Woods. Artistic Phylis prizes Gayle's class ring.

CAROLYN RAE BAILEY

Our likeable Student Council vice-pres. siesta-ed in Spanish Club 2 yrs. (sec.-treas. 1), joined G.A.A. and Jr. Hist. Soc. 1, fiddled in Orch. 3. Pianist Carolyn participated in 2 Amateur shows, and was jr. class vice-pres. This beauteous blond with blue-green eyes collects kerosene lamps; hates to practice on the piano. Chocolate and dill pickles hit the spot with Carolyn; she pals with Gail, Carol, Jo Ann, and Jane.

MARGARET ANN BAIRD

Golfer Peggy's agenda: G.A.A. 4 yrs. (pres. sr. yr.), F.H.A. 4 (pres. jr., treas. sr.), Latin Club (scriba 2), Jr. Hist. Soc. Commencement signifies the end of the happiest and most care free years of our lives;

and for many, the end of our formal education; but it also signifies the beginning

of our true existence as adults and as the servants of mankind. Life is now our

Maralyn O'Melay

This was found in one of the early Dials, explaining why they called their book the DIAL.

Because:

It never runs down.

" is always correct.

" looks to the heavens as it source of information.

" never rusts.

" never has to be replaced.

" is always dependable.

" never tires.

" is a recorder of time.

" is more valuable in a bright spot.

" is a reflector.

" is useful.

" is educational.

The motto of that book was:

Scribitur Revogari Non Potest. "If it is not written down, it will soon be forgotten."
